Client

WisDOT, SW Region
2101 Wright Street
Madison, WI 53704
(608) 246-3800

Project ID's

5573-00-31/61

Design Start

January 2004

Design Completion

January 2005

Construction Start

May 2005

Construction Completion

August 2005

Estimated Construction Cost

\$160,000.00

Project Manager

Amanda Zacharias, P.E.

This 0.03-mile project included the painting of the Broadway Street Bridge over the Baraboo River in the Village of Rock Springs. Poor deterioration of the existing bridge paint established the need for maintenance. The project involved negative air containment, coating removal by abrasive blasting, painting, traffic control, and environmental and utility coordination.

Project Deliverables:

- Project scoping, scheduling, budgeting and monitoring
- Public official coordination
- Preliminary and Final plans and documents
- Coordinating with utilities (Trans 220)
- Environmental Report
- DNR Coordination
